

College of Engineering All-Stars

The University of Toledo

We're your hometown team for engineering education, research and business.

A National Title — Ranked 18th in the nation for graduate engineering programs by The Princeton Review.

The Home Field — A 40-acre, \$21-million multi-building complex with computing facilities ranked among the best in the state.

The Players — More than 2,000 quality undergraduates and 300 graduate students — the fall 2006 freshman class had an average GPA of 3.62 and an average ACT score of 25.7.

Coaching Staff — More than 100 faculty and staff members who receive more than \$10 million in annual research funding from local, state and national sources.

Innovative Training — One of 10 schools nationwide with mandatory co-op programs, an entrepreneurship focus for incoming freshmen, and a capstone course that challenges seniors to design and produce a solution for a real-life client.

Scouting Rookies — Reaching out on site, offering an "Introduction to Engineering" course at area high schools.

Commentator Praise — Accredited by the Accreditation Board for Engineering and Technology (ABET) and commended for its co-op program, alumni/industry involvement, effective advisory councils, and student communication skills.
