

# Wentworth Co-op:

## Cultivating Tomorrow's Talent Today

- Our unique three-part learning model combines theory and practice through: classroom instruction, lab and studio work, and co-op experience in the field
- Wentworth's 35-acre campus is conveniently located in the heart of Boston.
- Each student receives a laptop.
- We participate in NCAA Division III athletics.
- Wentworth's Center for Community and Learning Partnerships facilitates service learning programs which serve the community and enhance the learning experience.
- Students participate in over 30 clubs and professional organizations.
