

## At FPL Group, You Can Make A World of Difference

FPL Group has long been recognized for innovative solutions to energy needs throughout the United States. We need to provide that same innovation to solve our growing workforce needs at Florida Power & Light Company and FPL Energy, two prospering FPL Group companies. With more than 13,000 employees and an emerging presence in 26 states, we are always looking for bright ideas and the sharpest minds to impact our industry and the world. Rewarding career opportunities range from engineering and nuclear to information technology and other disciplines.

Florida Power & Light Company is the largest electric utility company in Florida, and provides more than four million homes and businesses with reliable electric power and energy services.

FPL Energy is a leading clean energy provider with natural gas, wind, solar, hydroelectric and nuclear power plants in operation across the nation. In fact, we are the world's leader in wind energy generation and the largest generator of solar energy in the country.

Align yourself with a culturally diverse company whose numerous accolades include:

- #1 ranking among electric and gas utilities on FORTUNE® magazine's list of "America's Most Admired Companies," 2007.
- #1 ranking among utilities nationwide by the U.S. Department of Energy report on conservation programs.
- #1 ranking among electric utilities for Environmental Performance by Innovest, an internationally recognized research firm that evaluates companies' environmental, social and governance performance.
- Best Employer for Healthy Lifestyles by the National Business Group on Health.

The opportunity to grow is yours at FPL Group. Learn more by visiting us online at [www.FPLcareers.com](http://www.FPLcareers.com). Or, contact Ron Navarro at [ron\\_navarro@FPL.com](mailto:ron_navarro@FPL.com).
